AMENDMENT

Assistant Commissioner for Patents,  
Washington, D.C.

THE COMMISSIONER IS AUTHORIZED  
TO CHARGE ANY DEFICIENCY IN THE  
FEES FOR THIS PAPER TO DEPOSIT  
ACCOUNT NO. 23-0975

Sir:

In response to the Office Action mailed August 27, 2002, a petition for a three-month extension of time being submitted herewith, please amend the above-identified application as follows:

IN THE CLAIMS:

Please amend claims 1-2 as follows:

1. (Amended) A biodegradable bag comprising a laminate of a biaxially oriented film of which the major component is a polylactic acid-family polymer, and a film of which the major component is an aliphatic polyester having the structure of the formula (1) and having a crystallizing melting heat  $\Delta H_m$  (J/g) of  $45 \leq \Delta H_m \leq 55$ , wherein said biaxially oriented film is biaxially oriented by a successive orienting method in which longitudinal orientation is carried out by a roll method and lateral orientation is carried out by a tenter method, or by a simultaneous biaxially orienting method in which longitudinal and lateral orientations are simultaneously carried out by use of a tenter, said bag being made by heat-sealing said laminates so that said biaxially oriented film of which the major component is a polylactic acid-family polymer will be an outer layer,
